Meeting: 1003, Atlanta, Georgia, AMS CP 1, AMS Contributed Paper Session

1003-39-785 **Jeff Feuer*** (`feuerj@dowling.edu`), Department of Mathematics and Computer Scienc, Oakdale, NY 11769. *Some Integer Valued Recursive Equations with Eventually Periodic Solutions.*

In this talk, we will discuss some integer valued recursive sequences. Several conjectures will be stated. Lastly, we will discuss results for those that have been proven along with an outline of the proofs as time permits. (Received September 29, 2004)
