

Meeting: 1003, Atlanta, Georgia, SS 22A, AMS Special Session on Spaces of Vector-Valued Functions, I

1003-47-1430 **George Androulakis*** (giorgis@math.sc.edu), Department of Mathematics, University of South Carolina, Columbia, SC 29208. *Some remarks about the invariant subspace problem.* Preliminary report.

We will discuss some methods for producing non-trivial invariant subspaces of operators on Banach spaces (Received October 05, 2004)
