

Meeting: 1003, Atlanta, Georgia, AMS CP 1, AMS Contributed Paper Session

1003-47-1452 **Beth Osikiewicz*** (bosikiewicz@tusc.kent.edu), Kent State University – Tuscarawas Campus,
330 University Dr NE, New Philadelphia, OH 44663. *Vector-valued norm estimates for operators
on Hardy Spaces*. Preliminary report.

Norm estimates for operators $T : H_p \longrightarrow l_q$ are derived in terms on the vector-valued norms of their matrix entries. (Received October 05, 2004)
