

**Meeting:** 1003, Atlanta, Georgia, MAA CP U1, MAA Session on Mathematical Experiences for Students Outside the Classroom

1003-U1-877      **Sarah V. Cook\*** ([sarah.cook@washburn.edu](mailto:sarah.cook@washburn.edu)), Mathematics Department, Washburn University, Topeka, KS 66609. *The P's and Q's of an Active and Effective Undergraduate Math Club*. Preliminary report.

This session will focus on the meetings and other activities of Washburn University's Club Mathematica. Some time in this session will be devoted to how to obtain speakers for the meetings and the appropriate level of difficulty for the presentations. We will discuss meeting activities and give some examples of thinking games commonly used at our meetings. This session will also discuss methods on how to get students to attend the meetings. (Received September 30, 2004)
