

Meeting: 1003, Atlanta, Georgia, MAA CP W1, MAA Session on In-Service Training Programs For K–12 Mathematics Teachers

1003-W1-443 **Vic Schneider*** (vps3252@louisiana.edu), Department of Mathematics, P. O. Box 41010, Lafayette, LA 70504. *A System Initiative Program Lives in Louisiana*. Preliminary report.

This report concerns workshops for K-12 teachers; the workshops were originally supported by a Systemic Initiative Grant to the State of Louisiana. Many teachers do not have a deep understanding of mathematics or have tunnel vision: "I only need to know what I teach." The workshops are designed to correct both of these problems.
