1023-05-1353   **Bojan Mohar*** (`mohar@sfu.ca`), Burnaby, BC V5A 1S6, Canada. *1-embedded minors of 1-embedded graphs.* Preliminary report.

Results of Robertson and Seymour about minors of graphs embedded on surfaces are extended to the case of immersions of graphs in surfaces where each edge is allowed to cross with at most one other edge. (Received September 25, 2006)
