George R. Exner* (exner@bucknell.edu), Department of Mathematics, Bucknell University, Lewisburg, PA 17837. *Using WeBWorK to foster reading*. Preliminary report.

Convincing students to "read the section before class" is an ongoing struggle. This talk will report on the use of WeBWorK (a web-based homework system) to foster such reading, compare it with some alternatives, and summarize the reactions of both professor and students. (Received September 14, 2006)
