Leon M. Hall* (lhall@mst.edu), Missouri S&T, Department of Mathematics and Statistics, 400 W. 12th Street, Rolla, MO 65409-0020. Highlights in the History of the Missouri Section.

From B.F. Finkel and E.R. Hedrick in the beginning, to Deborah Tepper Haimo and Christine Stevens more recently, members of the Missouri Section of the MAA have played active, sometimes leading, roles in the founding, development, and growth of the Association. This talk will highlight some of the notable events and people from the history of the Missouri Section. (Received August 23, 2011)
