Nicholas Long* (longne@sfasu.edu), PO Box 13040, SFA Station, Nacogdoches, TX 75965. *On Maps Commuting with the Flip Map.*

We present examples of automorphisms of the 2-shift which also commute with the flip map. Additionally, the subgroup of flip commuting automorphisms is studied with several homomorphisms from and to the automorphism group of the 2-shift. (Received September 05, 2012)
