

1086-VF-717 **Petre Ion Ghenciu***, ghenciup@uwstout.edu. *Teaching online mathematics courses with an accent*. Preliminary report.

Teaching online courses, if not done properly, can be challenging for the instructor as well as the student. Add to the mixture online mathematics and statistics courses and you get everybody's attention...How about mathematics and statistics graduate courses? This presentation will provide a summary of the use of Blackboard Collaborate in my classes to enhance interaction. Some activities and findings about this subject will be presented(with an accent, of course..). (Received September 11, 2012)
