

1096-M1-2689 **David E Molnar*** (molnar.math@gmail.com), Felician College, Department of Mathematics, 223 Montross Ave, Rutherford, NJ 07070. *A Non-Competitive ProblemFest.*

In 2013, the Felician College Math department held its first (hopefully annual) ProblemFest. This is a non-competitive event designed to extend interest in problem-solving beyond a core group of dedicated upperclassmen, and also to build community and have fun. I will provide details about the setup, outcomes, and future plans. (Received September 18, 2013)
