Stanisław Domoradzki (domoradz@ur.edu.pl), University of Rzeszów, Rzeszów, Poland, and **Małgorzata Stawiska-Friedland*** (stawiska@umich.edu), Mathematical Reviews, 416 Fourth St., Ann Arbor, MI 48103. *PhD recipients and distinguished graduates in mathematics at the Jagiellonian University (Kraków) in the years 1918-1939*. Preliminary report.

We discuss the significance of Jagiellonian University in Kraków in educating students of mathematics in the years 1918-1939. We present PhD recipients and distinguished graduates of that period, their achievements and their later roles in Polish scientific and academic life. (Received August 29, 2014)
