Francisco Marcos Lopez-Garcia* (marcos.lopez@im.unam.mx), Av. Universidad s/n. Col. Lomas de Chamilpa, CP 62210 Cuernavaca, Morelos Mexico, Apartado Postal 273. Admon. De correos #3, Cuernavaca, Morelos., Mexico, and **Alberto Mercado** and **Luz De Teresa**. *Uniform controllability of a 1-D transport equation with a fourth degree viscosity term*. Preliminary report.

We study the cost of the uniform null controllability of a 1-D transport equation with a fourth degree viscosity term, with the control acting on the left boundary. (Received September 19, 2016)
