

1125-97-3160 **Jessica M. Libertini*** (libertinijm@vmi.edu), Virginia Military Institute. *The GAIMME Report on Mathematical Modeling in K-16.*

In this session I'll share ideas from the the Early and Middle Grades (K-8) section of the GAIMME report as well as experiences from the IMMERSION program, which is focused on modeling in K-6. If audience members come with questions and experiences to share, we can make this session interactive. (Received October 03, 2016)
