

1125-G1-2317 **Jessie Hamm*** (hammj@winthrop.edu). *Lessons Learned from a First Attempt at IBL.*

Teaching a new course is always challenging but teaching a new course using a new technique can be overwhelming. In this talk I will discuss my first attempt at teaching an Introduction to Proofs course using a Modified Moore Method. I will share lessons learned, plans for future improvement, and advice to other novice IBL instructors. (Received September 20, 2016)
