**Beata Randrianantoanina\*** (randrib@muohio.edu), Department of Mathematics and Statistics, Miami University, Oxford, OH 45056. *Examples concerning extensions of Lipschitz maps from metric spaces into  $\ell_1^n$ .* Preliminary report.

We discuss some examples concerning estimates of constants of extensions of Lipschitz maps from subsets of metric spaces into  $\ell_1^n$ . (Received September 28, 2005)
