

1014-Z1-1673 **Colm Mulcahy***, colm@spelman.edu, Atlanta, and **Jeffrey Ehme**, jehme@spelman.edu. *Poker Faced*. Preliminary report.

You are handed five cards chosen at random from a deck. You arrange these in a neat row, and invite somebody to exchange one card for a new one. The new card is correctly indentified by a mathematical accomplice of yours who only sees the end result. (Received September 28, 2005)
