

1086-E1-548 **Mary Kay Abbey*** (marykay.abbey@montgomerycollege.edu), 7600 Takoma Avenue, Takoma Park, MD 20912. *Redesign for Non-Stop Learning*.

Montgomery College redesigned pre-algebra and elementary algebra, creating a self-paced mastery-based course which can be finished in one semester or two consecutive semesters, with the opportunity to also complete intermediate algebra. The planning process which studying other models around the country and culminated with site visits will be discussed. Buy in from our administration was key. The implementation process as well as success and retention data will be shared. (Received September 06, 2012)
