

1106-VD-1513      **Rebekah B Johnson Yates\*** ([rebekah.yates@houghton.edu](mailto:rebekah.yates@houghton.edu)), 1 Willard Ave, Houghton, NY  
14744. *The Subspace Game*.

Candy, bonus points, and friendly competition can make practicing even the most basic definition-checking direct proofs more exciting for everyone. In this talk, I will share the game we play in my linear algebra classes to solidify their skills for writing subspace proofs and share ideas for adapting this simple but effective game to other topics in both linear algebra and other courses.
