**Frank Morgan\*** ([frank.morgan@williams.edu](mailto:frank.morgan@williams.edu)). *Notices of the American Mathematical Society*.

As incoming Editor of Notices of the AMS, I invite comments, suggestions, and submissions as we plan for:

- (1) deep but universally readable and enjoyable articles on the latest mathematics and everything related,
- (2) a new place for comments, discussion, and more on our webpage,
- (3) a new Graduate Student Section,
- (4) an entertaining but pointed new Back Page, including comics and a cartoon caption contest. (Received August 31, 2015)
