

1135-E1-2429 **Jessie Lenarz*** (jklendarz@stkate.edu). *Oral Presentations as Assessment in Abstract Algebra.*
We will discuss the use of oral presentations in an undergraduate abstract algebra course. Oral presentations can be used as both formative and summative assessments. Procedures for both will be discussed as well as anecdotal evidence of the degree of success of the assessments. (Received September 26, 2017)
