

1154-00-1503 **Mark Tomforde*** (tomforde@math.uh.edu). *Principles of Running an Outreach Program.*

I will discuss my involvement in a mathematics outreach program for middle school and high school students in underserved neighborhoods of Houston. I wish to share some of the experiences from my six years of running this program, and describe how they have shaped my personal approach to outreach. (Received September 16, 2019)
