Charles Chen* (charles.chen.training@gmail.com) and **Mason Chen**
(mason.chen.training@gmail.com). *STEAMS Methodology*. Preliminary report.

Introduce STEAMS Methodology: Science, Technology, Engineering, AI, Mathematics, and Statistics. Use 2-3 Case Studies to demonstrate STEAMS methods. In addition to STEM, adding AI can discover the more insights on Science. Separating Statistics from Math can draw more practical risk management and reliable decision making.
