

Meeting: 1003, Atlanta, Georgia, SS 4A, AMS-SIAM Special Session on Theoretical and Computational Aspects of Inverse Problems, I

1003-35-630 **Ziqi Sun*** (ziqi.sun@wichita.edu), Department of Mathematics and Statistics, Wichita State University, Wichita, KS 67226. *Developments in inverse boundary value problems for quasilinear elliptic equations.*

We will discuss recent results and conjectures in inverse boundary value problems for quasilinear elliptic equations. (Received September 25, 2004)
