

Meeting: 1003, Atlanta, Georgia, SS 22A, AMS Special Session on Spaces of Vector-Valued Functions, I

1003-46-23 **Joe Diestel*** (j_diestel@hotmail.com), Mathematics Department, Kent State University, Kent, OH 44242. *Some problems on vector-valued functions*. Preliminary report.

A few old and a few not-so-old problems in the theory of vector-valued functions will be discussed; the discussion will incorporate known related results and partial solutions (if any are known to the speaker). (Received May 19, 2004)
