

1014-C1-1520 **Karen Batt Stanish*** (kstanish@keene.edu), Keene State College, Mathematics Department,
229 Main St., Keene, NH 03435-2010. *An Analytic Rubric for Assessing Proofs*. Preliminary
report.

Rubrics can be successful tools for assessing many types of learning outcomes. But can a rubric be used to assess proof writing? This talk will present an analytic rubric for assessing proof writing, give a report of its use in an abstract algebra class, and give thoughts for its refinement and future use.
