

1014-L1-1300      **David Dudley\*** ([david.dudley@sccmail.maricopa.edu](mailto:david.dudley@sccmail.maricopa.edu)), Department of Mathematics, Scottsdale Comm Coll, 9000 E Chaparral Rd, Scottsdale, AZ 85256-2626. *Adoption and Implementation of a Reform Curriculum for Courses Below Calculus, One Department's Experience.*

Scottsdale (AZ) CC has been adopting a mathematics curriculum that implements the Standards elaborated in AM-ATYC's Crossroads and Beyond the Crossroads over the past several years. Starting with College Algebra and moving into Intermediate and Introductory Algebra, we have developed a process to inform and include both full-time and adjunct faculty in the implementation. I will share the process and evaluation we used so that you can modify it for your institution. (Received September 27, 2005)
