A. Bathi Kasturiarachi* (bathi@stark.kent.edu), Department of Mathematics, Kent State University - Stark, 6000 Frank Ave, NW, North Canton, OH 44720. *On the Painleve Property of certain Partial Differential Equations.*

We discuss the Painleve Property for the Benjamin-Bona-Mahony (BBM) and Camassa-Holm (CH) equations and describe conditions under which it holds. (Received September 26, 2006)
