Clarkson Avenue, Potsdam, NY 13699-5800. *Applied Mathematics for High School Outreach.*

Contests can be a valuable motivator for introducing middle and high school students to applied mathematics. This talk will introduce some of the competitions that are available. Opportunities for both professional development and for student-based activities in applied mathematics will be presented. The talk will also provide a brief introduction to the remainder of the minisymposium. (Received September 03, 2009)
